MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI
is a thoroughly
scientific and mod-
ern remedy, meet-
ing the needs of the modern
woman in the modern way
—without the torture of an
operation. Wine of Cardui
has cured them in the pri-
vacy of their homes and it
has found a place in the
hearts of American women
that no other medicine has found. In
their gratitude over 10,000 American
women have written letters commend-
ing Wine of Cardui. Wine of Cardui
meets their wants as no other medicine
does. It sustains the young girl at the
shock of her entrance to womanhood.
Women who take Wine of Cardui have
little discomfort during pregnancy and
little pain at childbirth. When the
change of life appears they enter a
happy, healthy old age. Every month it
comes to the rescue to assist Nature in
throwing the impurities from the body.
Miss Sarah Finley, of Memphis,
Tenn., vice-president of the Palmetto
Club of that city, speaks for herself and
many friends when she bestows the

Miss Sarah Finley.

following praise on Wine
of Cardui:

"Among the numerous
medicines placed before suf-
fering women for their relief
none can touch McElree's
Wine of Cardui. It towers
above them all as a reliable
female remedy. It simply
drives pain and disease away
and restores health in an incredibly short
period. I have taken great interest in this
medicine for the past two years, since it
brought health and strength to me. I
have also recommended it to a number
of my friends and they who have used it
speak of it in the highest terms and I feel
that it is praise well bestowed."

If you are suffering from female
weakness Wine of Cardui is the medi-
cine you need.
You can have health the same as
Miss Finley if you will take the Wine
of Cardui treatment. If you need ad-
vice further than the complete direc-
tions given on the bottle, address The
Ladies Advisory Department, Chat-
tanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI

A million suffering women
have found relief in

JOHN WITTMAN THE TAILOR

COMMUNION CALMED. WHAT MAZZONI SAYS

Wednesday Night the Worst Experi-
enced by Pope.

COMPLAINS OF CHEST

He Was Given Frequently Restora-
tives, but as Thursday Advanced
Great Difficulty in Breath-
ing Was Apparent.

Rome, July 16.—When Dr. Mazzoni
visited the pontiff Thursday morning
the latter said Wednesday night had
been the worst he had experienced. He
spoke of oppression on the chest, diffi-
culty in breathing and an uncontrolla-
ble restlessness, giving him, in fact,
no peace in any position. Dr. Lapponi
said the pope called for him very often
during the night, taking frequent res-
toratives, especially meat broth, or-
angeade and tamarind water. He felt
better, however, under the celebration
of mass, as though the communion
calmed him. In fact, the doctors pro-
ceeded with a thorough examination
of his thorax without fatiguing him
too much. They found the liquid in
the pleura augmented, but not gather-
ed in such quantities as to endanger
the patient's life by producing a pres-
sure on the heart or through asphyxia,
which might occur if there was a
pressure on the lower part of the bron-
chial tubes. On account of his extreme
weakness no new operation for extract-
ing the liquid will be performed until
it is absolutely indispensable.

The doctors, after thorough examina-
tion of the patient, decided that the
regathering of pleuric liquid, although
serious, does not constitute immediate
danger of dissolution, and, therefore,
will defer an operation until the last
possible moment.

At 3 o'clock p. m. the pope's prostra-
tion was increasing. The difficulty he
experiences in breathing has grown
more serious and is accompanied by
a severe bronchial wheezing.

Cause of Admiration.

Washington, July 16.—Mgr. Falco-
nio, apostolic delegate, received the
following cablegram from Cardinal
Rampolla: "Condition of the holy
father continues grave. His wonderful
resistance is the cause of admiration."

BELKNAP DELEGATES.

Committee on Credentials by Two Ma-
jority Decides in Their Favor.

Louisville, Ky., July 16.—The second
day's session of the Republican state
convention opened with the prospect of
further excitement being furnished by
the report of the committee on creden-
tials. The committee sat until mid-
night Wednesday night hearing evi-
dence in the contest waged by the
Belknap and Willson forces over the
Louisville delegation. The final vote
on the matter resulted seven to five in
favor of seating the Belknap delegates.
Heartened by Governor Bradley's per-
sonal popularity and semi-stamped
Wednesday, the Willson forces deter-
mined to carry the fight over the Louis-
ville delegation to the floor of the con-
vention, and five members of the com-
mittee on credentials who voted for
the Willson delegation prepared a
strong minority report, it having been
arranged that Governor Bradley should
lead the fight.

Good Man Gone.

Pittsburg, July 16.—Hudson Samson,
known in Methodist Episcopal church
circles throughout the United States
for his charity and philanthropy, and
as the builder of a score or more
churches throughout Pennsylvania and
the middle and far west, died at his
home in this city of acute indigestion.

Killed Postmaster.

Columbia, S. C., July 16.—George
Edwards, a negro, shot and killed Will
Hall, postmaster at Chinquapin, S. C.,
and attempted to shoot a younger
brother of his victim, but was prevent-
ed by other negroes. Edwards escap-
ed and is being hunted by citizens with
bloodhounds and a lynching is proba-
ble.

Commission at Berlin.

Berlin, July 15.—The international
exchange commission arrived here from
The Hague and was received by under
secretary for foreign affairs, Dr. Von
Muehlberg. German newspapers hith-
erto have manifested very little inter-
est in the commission. All expressions
on the subject indicate belief that the
American propositions are impracti-
cable.

Left Lung Consolidated.

Louisville, Ky., July 16.—Lee Brown,
alias John Tinsley, the negro who mur-
dered Patrolman Marsey of Evans-
ville, is reported in a critical condition
at the Jeffersonville reformatory. His
illness is pronounced as pneumonia.
Herry Sharp says the prisoner's left
lung is entirely consolidated and the
chances for recovery are against him.

One-Sixth of Town Burns.

San Luis Obispo, Cal., July 16.—One-
sixth of the business portion of this
city has been burned, with a loss of
more than \$100,000. At one time the fire
threatened to destroy the business cen-
ter of the town. Boys are believed to
have started the blaze, which soon
spread.

POPE IS TOO AGED A MAN TO RECOVER FROM HIS ILLNESS.

TO PROLONG HIS LIFE

This Is the Only Thing Physicians
Can Hope to Be Able to Do,
Despite Their Patient's
Perfect Constitution.

Rome, July 16.—Dr. Mazzoni, in re-
ply to the question, "Can the pope re-
cover?" Wednesday night gave the
following signed statement:

"Rome, via Condotti, July 15.—At
the present moment the disease of his
holiness has lost its character of abso-
lute gravity which it had at its acute
period. It might be considered to have
entered the period of a possible solu-
tion. This might occur in a man of
strong fiber, but it is impossible to en-
tertain such a hope in the case of a
man in his ninety-fourth year. With
him the physical energy absolutely in-
dispensable for recovery is lacking.

"Pope Leo's organism is perfect, and
as such maintains itself after ninety-
three years of uninterrupted work, but
his motor force is no longer sufficient
for the complex functions essential to
life. In other words, the ninety-three
years of Pope Leo XIII. brings him
into that category of extraordinary
longevity when life is destined to flick-
er out independent of any pathological
complications.

"The only service that science and
affection can render is that of strug-
gling to have his precious existence
preserved to us as long as possible."
"GEATANO MAZZONI."

Somewhat Restless.

Rome, July 16, 3:05 a. m.—At the be-
ginning of the second part of the night
the pope was somewhat restless and
Dr. Lapponi tried to assist the patient
with stimulants and nourishment.

PRESIDENT INDORSED.

Kentucky Republicans Commend Him
In State Convention Assembled.

Louisville, Ky., July 16.—Spectacular
in the extreme was the opening ses-
sion of the Kentucky Republican state
convention, which opened at the Audi-
torium Wednesday afternoon. The sal-
ient features of the afternoon gath-
ering were an endorsement of President
Roosevelt's candidacy in 1904. This
upset the calculations of several
shrewd leaders, who, it is charged,
were figuring on ignoring that point
in the platform or in resolutions, and
resulted in what amounted to almost
a stampede to former Governor W. O.
Bradley, who is not an announced can-
didate, after Colonel Morris J. Belknap
had, on a test vote for temporary
chair, apparently shown that he could
win hands down on the first ballot.

Immediately after the committees
were announced former Governor
Bradley took the floor and offered the
following resolution:

"Resolved, that we, the Republicans
of Kentucky, express our heartfelt ad-
miration of the administration of The-
odore Roosevelt, and that we heartily
endorse him for the Republican nomi-
nation for president in 1904."

The resolution was read by Governor
Bradley, but it was unanimously
adopted by a rising vote, every dele-
gate springing to his feet and cheering.

Immediately afterward Mr. Bradley
was given a tremendous ovation. After
five minutes' uninterrupted cheering
he consented to take the stage and
speak. The pith of his remarks was an
appeal for honest elections and honest
convention, and he referred indirectly
to the contest over the Louisville dele-
gation by pleading that the delegates
nominate only a man whose methods
had been fair and honest, and one who
could command united support. The
speech was powerfully put, and there
immediately began what threatened to
become a stampede to Bradley. Hun-
dreds of delegates gathered around
Bradley and admonished him that he
was the man who most nearly resem-
bled the picture he had himself drawn.

RUSSIA'S POWER.

It Is Her Intention to Have More
Troops Stationed in Manchuria.

Port Arthur, Manchuria, July 16.—
The conference of prominent Russians
has ended, and the last special train
departed for Moscow. Most of the vis-
iting officials have gone. Exultation
over Russia's increasing power in
Manchuria was the dominant note in
the gathering. The possibility of tak-
ing any backward steps are scoffed at
if mentioned by outsiders. It was ad-
mitted that the war possibility was
discussed, but it was denied that that
was the object of the conference. The
evidence of the increase of warlike
preparations since the arrival of Gen.
Kuropatkin, the minister of war, and
of the intention to bring more troops
to Manchuria are abundant. Orders
were given to Port Arthur contractors
last week for an immediate supply of
building materials for barracks to ac-
commodate 2000 soldiers to be shipped
to Harbin.

Jattle Have Been Found.

Crowley, La., July 16.—Jules Thi-
deaux, who was sentenced to three
years in the penitentiary for cattle
stealing, will possibly be acquitted, as
the cattle he was accused of stealing
have been found.

Levee Convention.

Rosedale, Miss., July 16.—Charles
Scott, president of the Interstate Mis-
sissippi Improvement and Levee asso-
ciation, has called a levee convention
and also a meeting of the association
to convene in New Orleans on Thurs-
day, Oct. 29. The call requests, first,
the appointment of "such a number of
delegates as they may deem best" by
the governors of all states within the
Mississippi valley whose lands, in
whole or in part, are at times inundat-
ed by the waters of the Mississippi
river or any of its tributaries.

Last Indemnity Paid.

Caracas, July 16.—The Venezuelan
government paid to representatives of
the allied powers the last installments
of the indemnity as stipulated by the
protocol.

Twelve Burned to Death.

St. Petersburg, July 16.—The steamer
Nadejka, plying on the Volga, has been
destroyed by fire at Nizhni-Novgorod.
Twelve persons were burned to death.

Are you talking up the Central Texas Fair?

The pope has broke the record for holding the front page in the newspapers.

United effort can accomplish wonders, even to the cleaning of dirty streets and alleys.

Crop prospects are looming up beautifully and the impression is growing that Bryan will enjoy a fine trade this fall.

Speaking of Pope Leo, the Palestine Herald says: "One does not need to be a Catholic to love and admire the grand old man whose influence has contributed so much to the peace of the world. 'I pray,' said he, 'to close my eyes on world-wide peace.' His prayer is granted, and the good old man will be canonized as 'Leo the Peaceful.'"

EPWORTH LEAGUERS.

Sixth International Convention Assembles at Detroit.

THOUSANDS ON HAND.

The Attendance Is So Large That It Is Necessary to Have Three Places of Meeting to Accommodate Throngs.

Detroit, July 16.—Every incoming train Wednesday night brought in its quota to swell the hosts of Epworth Leaguers, and hundreds more arrived on Thursday morning trains, both regular and special, until when the sixth international convention opened in the afternoon there were, it is estimated, 15,000 Leaguers in the city. The convention opened at 2:30 o'clock with three great meetings—one in a tent at the corner of Fourth and Lafayette avenues, one in the Detroit opera house and one in the Central Methodist Episcopal church. Each meeting followed identically the same programme—addresses of welcome, responses and keynote of address. A large chorus, which was organized among local singers to furnish music for the convention, was divided. One-third of the entire membership sang in each auditorium under the leadership of Evangelists John Hillis, J. W. Black and Charles D. Tilman. The keynote address was delivered by Rev. D. G. Downey of Brooklyn, N. Y. Bishop Earl Cranston, D. D., LL. D., presided over the Central Methodist Episcopal church meeting as chairman and Rev. James D. Potts of this city made the welcoming address. The keynote address at this meeting was made by Rev. J. E. Wilson of Jacksonville, Fla.

The Detroit opera house was crowded when Rev. H. F. Featherstone of Hattiesburg, Miss., chairman of the meeting, presented Rev. Alfred Brown of Windsor, Ont., who invoked the divine blessing. Governor A. T. Bliss, himself a prominent Methodist, then welcomed the Leaguers to the city and state. Rev. George Elliott followed with a welcome in behalf of the Methodists of this city. Rev. H. M. DuBose of Nashville, Tenn., general secretary of the Epworth League of the Methodist Episcopal church, South, responded to the welcome. The keynote address at this meeting was delivered by Rev. William Sparling of Toronto, Ont.

The watchwords of the convention are "Waiting," "Witnessing" and "Working," and the speakers in their keynote addresses followed in a general way the ideas represented by these words.

BALFOUR REFUSED.

Premier Would not Give Facilities For General Debate.

London, July 16.—Premier Balfour, in the house of commons, refused to give the house facilities for a full general debate on Colonial Secretary Chamberlain's proposed fiscal changes. The matter was brought up by Sir Michael Hicks-Beach, former chancellor of the exchequer, and was supported by Sir Henry Campbell Bannerman, the Liberal leader. Mr. Balfour said he did not think any useful purpose would be served by any more abstract discussions addressed to no particular motion. If Sir Henry raised a debate by introducing a vote of censure of the government, he said, he would grant the facilities desired.

SELF-INFLICTED.

Terrible Punishment a Young Woman Subjected Herself To.

St. Petersburg, July 16.—A local newspaper relates that a young woman was found lying on the beach of the Gulf of Finland, behind the Sergiev monastery, twelve miles from this city, with terribly burned feet and limbs. The unfortunate woman had on a monk's cassock. She said she had been reading religious books and had concluded that self incineration was the only sure means of salvation. She attended religious services at the monastery and then calmly prepared her funeral pyre. She was unable to bear the pain of the flames and attempted to return home, but fell helpless and remained for hours where she had fallen before being found. Her life may be saved.

The plan for the formation of a new police force to maintain order and assure security in rural district provinces of European Russia will be carried out immediately in fifteen of these provinces, but owing to the large expenditure involved, \$2,250,000, in six years, will be allowed for completed execution in other provinces.

Over 320,000 men have been called to the colors of the order to complete the strength of the Russian army and navy for present year.

DESPERATE FIGHTING.

Police and Strikers Had a Lively Time at Chicago.

Chicago, July 16.—Desperate fighting between the police and the strikers of the Kellogg Switchboard and Supply company took place Wednesday afternoon and evening, when the company attempted to send freight to some of the railroad depots. In one instance the police opened fire with revolvers, and although the fusillade was continued for several minutes nobody was injured. Later there was a fight in which no revolvers were used and the police beat down a number of men, some of whom were left in the streets until their friends came back to pick them up.

The address of welcome was then delivered by Hon. A. A. Fielder, mayor of Sherman, himself a Confederate veteran. He presented the keys of the city to the veterans and told them to take what they wished.

An effort will be made to have the authorities at Washington act in the matter.
